

And the universe said I love you

And the universe said you have played live well

And the universe said everything you need is within you

And the universe said you are stronger than you know

And the universe said you are the daylight

And the universe said you are the night

And the universe said the darkness you fight is within you

And the universe said the light you seek is within you

And the universe said you are not alone

And the universe said you are not separate from every other thing

And the universe said you are the universe tasting itself, talking to itself, living itself

And the universe said I love you because you are love

And life was over and the person woke up from the dream.

And the person began a new dream. And the person dreamed again, dreamed better.

And the person was the universe. And the person was love

You are the person

Live again
